San Bernardino, CA 92415
Juvenile Court

BY 
GABRIELA FONSECA, DEPUTY

San Bernardino, California, July 11 2023.

IN RE: J290947, J290946, J290945 & J294367
In re minors Aostin Aparicio & Elleonore, Athena & Eirah Castaneda

Dear Honorable Judge Steven Mapes,

Please allow me to respectfully bring to your attention the case of minors of Mexican origin Aostin Aparicio, Elleonore Castaneda, Athena Castaneda and Eirah Castaneda; whose case [s] are currently under the jurisdiction of this Superior Court of California in San Bernardino County.

In this regard, we respectfully present to your consideration the following information, which may be relevant for the above-mentioned case[s].

- I. The Second District Federal Court, from the State of Sinaloa Mexico has issued an order requesting that this Diplomatic Office -The Consulate of Mexico in San Bernardino- should inform the respective judicial officer in California of the following:
 1. The minors involved in this case are considered Mexican Nationals by birth, and they are entirely protected under the Mexican Constitution.
 2. The minors suffer and have been diagnosed with congenital osseous disease in at least 5 generations within this family of Mexican descent and origin.
 3. Minors Elleonore and Athenea were born with genetic osseous mutations associated with bone disease.
 4. The minors' health is seriously compromised and include the risk of Death. Thus, it is imperative that they receive immediate medical care and attention.

It is our understanding that the applicable law for matters of this nature within your Jurisdiction, favor the reunification of children with their parents. Thus, per the universal principle of the minor's best interest raised by their family, we respectfully strongly support and hope that the resolution of this matter leans towards reunification and not separation of families because of medical conditions.

If the court finds appropriate to order reunification, please be advised that it is the intent of the Consulate of Mexico to provide all the available institutional help and assistance to this Mexican origin family, to procure at all times the wellbeing, safety and protection of the minor children involved.

The Consulate of Mexico in San Bernardino thanks you in advance for the time and kind consideration to this matter.

Sincerely,

Héctor de León Villard
Consul of Mexico

CONSULADO DE MÉXICO
SAN BERNARDINO, CAL. E. U. A
